

Yeah

Lamborghini doors up Lamborghini doors up this time, yeah

Mmm Jacquees sang

Sneak dissing me, talking shit bout me

Already got what you needed I guess

Its killing me, you say you done with me

You must already got what you needed I guess

Thats why I'm not with nobody, cause I don't wanna kill nobody

Hard to keep it cool when you try me

I got a lot of love for you mommy

I know you tryna be somebody, but you ain't gotta diss nobody

Yes I'm drinking yes I'm faded

Its how I ease my pain

I know I shouldn't be treated like this (Not like this oh no)

You try to play me like I ain't famous

You try to play me like I don't pop shit (Like I don't pop shit
)

You try to play me like an option

Knowing that I'm exclusive ain't nothing basic

You wanna be with me stop playing
