On the way out the door I noticed this pretty lil bad thing  
(This lil bad thing)  
She told me I should take her home  
She wanna see what it's hittin on

Oh girl you my type  
Tell me what you want that's what I like  
Passionate and real, fuck you all night  
We could make tonight our life everyday  
We can go round for round bed-rockin  
Head-knockin  
Non-stoppin  
Sexy voice I love your moans  
Don't need distractions girl cut off your phone  
Ohhh, baby come close to my body  
Cause you got something I need  
I kiss your lips then get to bitin your neck  
Tonight we're havin the greatest se-e-ex

Oh girl you my type  
Tell me what you want that's what I like  
Passionate and real, fuck you all night  
We could make tonight our life everyday  
Oh girl you my type  
Tell me what you want that's what I like  
Passionate and real, fuck you all night  
We could make tonight our life everyday

Time  
Will tell  
How far we'll go  
So lets  
Seize the night  
And do what we know  
What we came to do  
Sex with you  
Is the truth  
It ain't love  
But it's cool  
Never know what we could do

Late night round bout 3
