

Lay Ya Down

Jacquees

Pull up on the side
Don't want nothin' more

Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
I'm so glad I found you
When he's not around you
Hit me on my phone
Any fuckin' time call me baby
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
You know when he leave
I pull up in a jeep
I'm outside beep beep
I'm TLC with the Creep
Come and lay it down
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down

There's a [?] over here
If you wasn't tryin' to get here
If you wanna be right here
I know he pay for your nails and your hair
He gon' be mad I put tracks out 'round here
And we both want it back
And he don't know a thing
And what love to the back
I miss that old thing
We can't be wrong I love this feeling
I'm goin' hard so spread 'em apart
Don't give me your heart

Love on the side
Don't want nothing more

Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
I'm so glad I found you
When he's not around you
Hit me on my phone
Any fuckin' time call me baby
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
You know when he leave
I pull up in a jeep
I'm outside beep beep
I'm TLC with the Creep
Come and lay it down
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down

All I want you to do is
Open up so we can go there
Show you how I'ma use this
Have you screaming that it's no fair
Have you breathing like there's no air
Mouth to mouth is what you need

Give it to me like you don't care
I'ma do it when I please, oh
I've got the keys, keys, keys let me just open you up
What you got between those knees
Foolin' us will be tough
Nine months, I'm about it

Nine months, I'm about it

Pull up on the side
Don't want nothin' more

Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
I'm so glad I found you
When he's not around you
Hit me on my phone
Any fuckin' time call me baby
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down
You know when he leave
I pull up in a jeep
I'm outside beep beep
I'm TLC with the Creep
Come and lay it down
Wanna lay ya down, wanna lay ya down
Wanna lay ya down, wanna lay ya down

I'ma lay ya down
Oh baby
