

Me, U & Hennessy

Jacquees

Can we stay home tonight
Try something new tonight
This juice got me feeling right
I'm touching your legs and thighs
U, Me, and Patron, girl we gon' get it on
You drinking so fast now I got you in my zone
The bed gon' be breaking
Your legs keep on shaking, but the bed keep on breaking
I'm out of my mind
Let's keep on drinking
I got you yelling out my name that you need me
I want to love you from the front so I can feel you breathing
And since you bad, I'll beat your back girl, I'll give you a be
ating
Pulling on your hair and now you telling me how much you need m
e
Put you on floor, open your legs, and then I started eating
I'm kissing all up on yo' thighs, I got your body feigning
You spilling everything, that's what happens when we drinking
Let's lay down, I'm a hit it from the side
Oh girl, you run chills down my spine
And when we finish bad, we gon' do it again
Jacquees gon' be hitting it till the morning
