

Ms. Kathy (Make Up)

Jacquees

No need to ignore it, ain't no need to lie
Your daughters your princess, but I swear that she's mine
You think I ain't special, you're wondering why
Your daughter wanna walk around with this type of guy
I already know you're talking
I know what you say about me
Oh Ms. Kathy, I ain't the only young boy that's nasty
She say she love me like she never loved nobody before
You probably hating cause I'm thuggin
And you cannot control your baby no more
And I'd just though I'd let you know, listen!

I'm pretty sure that you hate me
We in love, we in love
No doubt you think that I'm crazy
We in love, we in love
I'm sorry if this comes across as rude
We in love, we in love
Make Up

I think you know where my mind is at
You know I'm ready baby
Don't know how we got off track
I think you're ready baby
No more flexing, flexing
No more second guessing, guessing
We been through some things in our younger life
And I just wanna make it right

We gone make up, we gone kiss and make up
Baby bad no makeup, baby bad no makeup
Got her screamin for her makeup
Got ya yelling for ya makeup
We gone make up, we gone kiss and make up
Baby bad no makeup, baby bad no makeup
Got her screamin for her makeup
Got ya yelling for ya makeup
Got ya yelling for ya makeup
Got ya yelling for ya makeup

Baby I need to know if you're staying or go
I put you through too much shit
Now at this point you don't give no fuck
Now I promise on my life I'll do better baby
Nobody gets what I give to my baby
Sex on the beach, sex on the beach
I know what you need
She bad as she be
So come on with me, you matter to me

We gone make up, we gone kiss and make up
Baby bad no makeup, baby bad no makeup
Got her screamin for her makeup
Got ya yelling for ya makeup
We gone make up, we gone kiss and make up
Baby bad no makeup, baby bad no makeup
Got her screamin for her makeup

Got ya yelling for ya makeup
Got ya yelling for ya makeup
Got ya yelling for ya makeup
