

# Myself

Jacques

Yeah  
(Romano)  
Yeah, yeah  
(OG Parker)

Can I have you to myself?  
Don't wanna see you with nobody else  
Can I have you to myself?  
(Can I have you to myself?)  
Can I have you to myself?  
Can I have you to myself?  
(What's up, DeJ?)

Back and forth a couple years, yeah, we been on a mission  
You blew up and that's when thing, that's when things got different  
We go back to, back to when you ain't have a pot to piss in, hm (Nah)  
Let me hear that (It ain't like that)

I know lately, things look crazy (I know)  
You've been patient, people changing up (Yeah)  
But you stayed so true (You did)  
You're my best friend (You are)  
You deserve my time (You), I'm never out of reach (Nah)  
Ditch all my pride and give you all of me, yeah (You)  
You're my poetic justice, that's what you mean to me  
I'm the one that you trusted, I'm the one you believe  
May not have it all, but we got something (Got something)  
And you had it down when I had nothing (I had nothing)  
Backwards on the wall, now we standing tall (Tall)  
I can't let go, baby, I'll be more involved (I will)  
Can I have you?

Can I have you to myself?  
Don't wanna see you with nobody else (Don't wanna see you with nobody else)  
Can I have you to myself? (Can I have you to myself? Yeah)  
Can I have you to myself? (Can?)  
Can I have you to myself? (Can I have?)  
Can I have you to myself? (Damn)

Back and forth a couple years, yeah, we been on a mission  
You blew up and that's when things, that's when things got different  
We go back to, back to when you ain't have a pot to piss in, hm (Woah)  
Let me hear that

I know lately, things been looking crazy  
Thought I had a man, whole time I had a lady  
I guess I was misleading you like crazy  
'Cause you was tryna make me your baby  
If I wasn't meant for you, I'd take over your memories  
Is it just our history or simply just our chemistry?  
'Cause you know that we would be a thing if it wasn't for this industry  
I'd rather let you breathe before I go for anything  
Used to be my everything, talked about our wedding rings  
If I can't have you to myself then I don't want anything, no

Can I have you to myself? (Can I have you, girl?)  
Don't wanna see you with nobody else (I can't see you with nobody else, don't)

t wanna see you with nobody else)  
Can I have you to myself? (Can I? Can I have? Can I?)  
Can I have you to myself? Yeah (Can I? Can I?)  
Can I have you to myself? (Can I have?)  
Can I have you to myself? (You to myself, girl)

You to myself (Can I? Can I?)  
You to myself  
Yeah, aw, yeah, to myself  
DeJ (I don't wanna see you with nobody else)  
To myself  
Friend zone, that's what you see it like?  
Ayy, mm, fuck a friend zone  
It's part two  
What you tryna do?  
Be for real this time, ayy  
Keep that
