I could never say, "Goodbye"
Will you still ride if I pull up outside?
Will you still ride? Will you still ride?
I know it's hard, don't cry
Don't say, "Goodbye"
It's hard to say I'll never see you again (I can't)
Don't say, "Goodbye"
So I hold you close, I'll never let this end (This end)

I could never let this end
I could never let my best friend go
You caught me deep in these streets
With a pocket full of cheese and an ego
I prayed on my knees to God
And he sent your heart to my front door
How could you be fine with a mind so sexy?
This is more than love, this an investment

Sweet little heart of mine, when you fall
I'ma be by your side (I'ma be by)
So know that you'll be fine, live your life
'Cause even if we try (Oh)

I could never say, "Goodbye" (Goodbye)
Will you still ride if I pull up outside? (Outside)
Will you still ride? Will you still ride? (Still ride)
I know it's hard, don't cry
Don't say, "Goodbye" (Goodbye)
It's hard to say I'll never see you again (See you again)
Don't say, "Goodbye"
So I hold you close, (You close) I'll never let this end (This end)

Tryna bottle all our problems in
I wish you would just let me know (Just let me know somethin')
Complainin' 'bout my confidence
Arrogance got our love on zero (You know we better than that)
Sweet little lady (Yeah) of mine (Mine)
I'd do anything (What?) to see you shine (For sure)
I've been workin' overtime (Uh-huh) but I'm tryin' (Hard)
I could never give it up, this for life

Sweet little heart of mine, when you fall (When you fall)
I'ma be by your side (By your side)
So know that you'll be fine, live your life (Your life)
'Cause even when I try

I could never say, "Goodbye"
Will you still ride if I pull up outside?
Will you still ride? Will you still ride?
I know it's hard, don't cry
Don't say, "Goodbye"
It's hard to say (To say it) I'll never see you again (To see you again)
Don't say, "Goodbye"

So I hold you close, (You close) I'll never let this end (This end)
