

Nobody

Jacquees

Now one thing I've been known to do
Is pick out the next thing
This a proven fact
Jacquees, you up next
Let's go

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

I know things didn't go the way we planned
Now you got a new boyfriend
And it's tearin' up my heart, how we fell apart
I can't breathe, it's so hard
You run around this town with my best friend
I didn't even know what was happenin'
Ooh, it's hurting me inside
Oh, these visions I can't hide, no

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

And what hurts so bad
Is that he goes to the same school, takes all my same classes
And it's driving me insane, I'm wrecking my brain
And I hate to hear your name

You should know that I'll do ya right
You will never have to worry
Know how we used to be
You know all those stories
And nobody can take you away
And these games you playin', they end today

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

Nobody, nobody, nobody, no-body
Nobody, nobody, nobody can treat you like I treat you
Nobody can do you like I do you

I'll be right here where you need me

And can't nobody do ya like me
I'm where you're supposed to be
I'll make you happy
Bet he can't do it like me

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you

I'ma do the things that your man will never do
I'm just tryna win ya heart, tryin' to get next to you
Nobody can understand ya like I do
Nobody can treat ya the way I treat you
