

# Playing Games / Get It Together

Jacquees

(Hope it work out for us to)

Chain, bought it  
Chanel, she got it  
Ring, copped it  
(I should've never) took you to the Louie V store  
Shopping sprees on rodeo  
Eatin' steak and shrimp at Pearl, then  
King crab legs at Pappadeaux

All I ever ask was can you not blow up my phone while I'm in my zone  
All I ever ask was can you just keep it real, sit home and chill  
We never use to have an issue  
Fly to the A  
Roll a blunt and vibe all night  
Two or three drinks again that's right  
Told my niggas you could be my wife

So don't think I'm running game, running game  
Don't want you feeling lonely  
But I can't change  
If you love me you gotta show me  
Pay attention like you owe me  
Yeah girl, swear I ain't running game, running game

Every night you're on my mind  
I hit your line no offense  
I need some points for that  
Cause I never call back to back  
You telling me to do the most  
To make this happen  
And I've been working, double-tasking  
No I'm really taking action  
Say I'm selfish when I spend  
But I take care of you and yo' friends  
(So how that work?)  
Swear that you're here to support  
But I drop a song you don't post it  
(How that work?)  
For this to work  
We're in need of love  
And all the shit you talking  
Back it up

So don't think I'm running game, running game  
Don't want you feeling lonely  
But I can't change  
If you love me you gotta show me  
Pay attention like you owe me  
Yeah girl, swear I ain't running game, running game

I should've never...  
(Hope it works out for us too)

(We got London on the track...)

I don't really want to stay

I don't really want to go  
But I really need to know  
Can we get it together  
Get it together  
(Get it together)

And I don't really want to go  
I don't really want to stay  
But I really hope and pray  
Can we get it together  
Get it together  
(Get it together)

I don't think you know how I feel  
About what's going down  
So much pain on me, that I...  
I've been breaking down  
Crying in my bed...  
Without you I can't sleep  
Without you I can't eat  
Without you I can't think  
So, come back, home

I don't really want to stay  
I don't really want to go  
(I don't want to go)  
But I really need to know  
Can we get it together  
(Can we...)  
Get it together  
(Yeah, and I don't wanna)

And I don't really want to go  
I don't really want to stay  
(Don't wanna stay)  
But I really hope and pray  
Can we get it together  
Get it together  
(Let's get it together, baby)
