

R&B Nigga

Jacquees

When you're ready, call me over
When you're ready, call me over
Cause I'll be on my way
Time on my hands and I know that you want them around your body
Love you so good, day and night
You gotta tell somebody
Bout the way I put it down
About the way I put it down

She say she want me, hit it like an R&B nigga
She say she want me, hit it like an R&B nigga
If you can't get no ass to this then you's a weak nigga
If you can't get no ass to this then you's a weak nigga
Babe, babe, girl
You rock my world
So put it down
Just put it down

She said, "I like it when you spit 16s
But tonight could you sing it to me?"
I'm humming all kind of songs while I'm feeling on your booty
Feeling on your booty
Telling me you need me
Rub your back and receive
My hands on your neck while I go oh so deep
I got a crazy bitch, lazy bitch, say she onto Bone Thugz
I got a crazy bitch, lazy bitch, say she onto Bone Thugz
But she don't wanna fuck, she makin' love to me
But she don't wanna fuck, she makin' love to me
She don't wanna fuck, she makin' love to me, yeah

She say she want me, hit it like an R&B nigga
She say she want me, hit it like an R&B nigga
If you can't get no ass to this then you's a weak nigga
If you can't get no ass to this then you's a weak nigga
Babe, babe, girl
You rock my world
So put it down
Just put it down
