

Red Light

Jacquees

Baby when you're mine, I'ma want it erry' night
And I'm so crazy
I might fuck you at the red light
And I'm so crazy
I might fuck you at the red light
And I'm so crazy
Fuck you at the red light
And it's you
Yeah, yeah, yeah, yeah (it feels like)
I might fuck you at the red light
At the red light, at the red light

I might fuck you at the red light, like it's bed time

Got this nigga with his head right, yeah
Jacquees yeah, wassup, he got dreads right?
He can sing, but I wonder what his sex like
Ooh, He got my, he got my legs high
Got my panties, hope that I get on top and just exercise
Rewind, pause
Don't flex
Pull over and park, we been at it all day

So, so with that wassup
What you got in your cup?
You lookin' like you want some
If you don't drink that's no fun
You know where we come from
I can use some more love
Won't you give it up to no one
Even though you ain't my only

Whenever you mine, I'ma want it erry' night
And I'm so crazy
I might fuck you at the red light
And I'm so crazy
I might fuck you at the red light
And I'm so crazy
Fuck you at the red light
And it's you
Yeah, yeah, yeah, yeah (it feels like)
I might fuck you at the red light
At the red light, at the red light

Please, I hope you ain't no kin to me
I'm starting to think that you into me
Cup full of [?] and Hennessy
Ooh girl, I'm into your energy
I'm tryna see where you come from
I'm tryna make you the one, one
That pussy so good, when I go in, I swear that I go numb, numb
I want you to get on top of me
Talk that nigga when you toppin' me
Some in this liquor, but I'm feelin' all right
Ride down 20, take 285
I got tints on my window, so they won't see when you ride

So, so with that wassup (wassup)
What you got in your cup? (yo cup)
You lookin' like you want some (wassup)
If you don't drink that's no fun (no fun)
You know where we come from (come from)
I can use some more love (more love)
Give it up to no one (no one)
Even though you ain't my only

Whenever you mine, I'ma want it erry' night

And I'm so crazy
I might fuck you at the red light
And I'm so crazy
