Jacquees

I'm sorry I missed your call  
Can't wait to get home and break you off  
You're in need of my touch and my attention yeah  
You weak in your knees, when I'm between  
Giving you all of this love

Let's get to the business baby I know you not innocent  
Send me a picture of something no matter what time it is  
Would you catch a flight for me girl no matter how far it is  
Would play this part for me girl and let's see how far you get  
I need your pants to the floor  
Legs to your toes  
You know me I ain't tryna lay up  
I'm gone fuck up all your make up  
We could make this easy  
But you gotta do what Quee say

I wanna see you rodeo  
I wanna see you rodeo  
Ride it like a rodeo  
Ride it like a rodeo  
I wanna see you rodeo

Now that I'm back it's time for business  
I'm tryna give you what you missing  
Girl all you gotta do is listen  
Do you mind switching positions

Let's get to the business baby I know you not innocent  
Send me a picture of something no matter what time it is  
Would you catch a flight for me girl no matter how far it is  
Would play this part for me girl and let's see how far you get  
I need your pants to the floor  
Legs to your toes  
You know me I ain't tryna lay up  
I'm gone fuck up all your make up  
We could make this easy  
But you gotta do what Quee say

I wanna see you rodeo  
I wanna see you rodeo  
Ride it like a rodeo  
Ride it like a rodeo  
I wanna see you rodeo

Top down when the music drop  
Top notch yeah my shawty got a juice box  
All around the world every tour stop  
Nine times out of ten I give her 2Pac  
She got little patience  
Every which-a-way my girl hit that reverse  
Making beautiful music girl we making hits  
I'm a need me that feature  
I'm a lay it down for you  
And you gone drop it down on me  
Girl you know what we bout to do  
So go make that sound for me yeah

I'm pulling on her hair  
She say "right there, right there"  
We do it anywhere  
She know she gone ball when she with me  
All in the bathroom stalls at the mall on them titties  
Every time I call yeah she with it  
And if she call her girls cause they all wanna get it  
Gonna make this easy  
Just gotta listen to what T say

I wanna see you rodeo  
I wanna see you rodeo  
Ride it like a rodeo  
Ride it like a rodeo
