They scared of ya

Tryna' pick ya up and putcha down on something
Book the flight she ain't gotta pay for nothin'
Only thing you'll see is Saint Tropez for a month
Doors open on the balcony
So you can hear 'em play the mandolin from high up
Yea, the views look like a post card
Get a yacht and jet skis from the boat yard
Smoke, drink, and fuck for the most part
Ya pussy wavy girl and I'm the Coast Guard

I can put you on
That's a guarantee
Leave that nigga alone
And come fuck wit me
Now I ain't saying that I'm Mr. Right
But right now I know what's missing in ya life

Girl you overdue for some romantic shit
Oh yea yea yea yea yea
Tryna' make you bae and take a baecae trip
Oh yea yea yea yea yea
Put some ice on you 'cause it's overdue

Everything exclusive when you around me
Bottega feather heels, baby don't fly away

Take you out the jets and put you on a jet
Oh yeah, anything you want you get 'cause you manifest it
Like the newspaper girl you know I'm extra extra
Sauce professor I can teach ya ex a lesson

Fuck all that talkin', I can show you better

I can put you on

Leave that nigga alone
And get what you need
Now I ain't saying that I'm Mr. Right
