Scared To Go

Jacquees

She ain't scared to Go
She ain't scared to Go
She ain't scared to Go
She ain't scared to Go

She just moved to Atlanta, stayed in Alabama
Graduated highschool, now she living life on the go, go, go, go
With nowhere to go, go, go, go
So I pick her up when she come in town
I reach for her hand, but she shut it down
I didn't know, that her heart was so cold

I'm just a young and I'm begging I'm running all of your love
Don't end it 'cause baby I need you remember my touch
If there's problems we share 'em I swear I'm not trying to lust
All I see is your silhouette when I look into the dark

She ain't scared to Go
She ain't scared to Go
She ain't scared to Go
She ain't scared to Go

Plenty to, pass it up and she good to go
Way she working and she twerking making magic on that pole
I swear there ain't no chick better, say they call her tropicana
I say girl I got the juice baby let me make you wetter
Dropping, dripping down your spine like you in a sweater
If I touch you and you touch me now show me you do it better
If I had to choose with you I'd be on Patron and juice
Guess it all will get me loose, I can't get to get in you

I'm just a young and I'm begging I'm running all of your love
Don't end it 'cause baby I need you remember my touch
If there's problems we share 'em I swear I'm not trying to lust
All I see is your silhouette when I look into the dark

She ain't scared to Go
She ain't scared to Go
She ain't scared to Go
She ain't scared to Go

Why would she leave me, she release your mind
She made me believe she was mine
And I always did my time, 'cause she was trained to go
She was like the rest, man I should've known
I've been thinking about you I can't get you out
I've been thinking about you I can't get you out
I've been thinking about you I can't get you out
I've been thinking about you I can't get you out

I'm just a young and I'm begging I'm running all of your love
Don't end it 'cause baby I need you remember my touch
If there's problems we share 'em I swear I'm not trying to lust
All I see is your silhouette when I look into the dark

She ain't scared to Go
She ain't scared to Go

She ain't scared to Go
She ain't scared to Go
