

# Snooze // Good Good

Jacquees

Aw, yeah, hey (I love this song)  
Ooh, ooh (What up, SZA?)  
Jacquees sang, yeah

I told that fire for you  
I [?] everything you need, no 9-5 for you  
Don't want you on that shit them hoes be on  
'Cause bitches act like I don't see 'em fucking everybody  
Don't reach in your purse no more, baby, I got it  
Cussing, thugging, scheming  
Catch a body  
As long as you passenger seat, I'm still riding  
You should catch a flight and book a room right now  
You're number one, you're never number two

I'll come through when you want me to  
I know your ex-man put you through it  
Girl, but I didn't do it  
You know Jacquees coming to set the mood  
I won't do the lame shit they do  
No, I wouldn't dare put you through it  
Your love, I can't abuse it  
You hold me down, I hold you down too (Yeah)

If you broke, leave her alone, get your bread up  
I promise I got my shit together  
Had it too bad 'cause she fed up  
She got good good, but she still hood (Talk to her)

Know you a wife, I see you different (I do)  
Stay on Instagram, but you ain't picture this (Nah)  
I'll be baby daddy, let's make kids to this  
I'll put on my shirt, your body glistening (Wha?)  
I've been watching, like Yo Gotti, I got Moneybagg's for you  
Next day trips, Abu Dhabi, I'll book out first class for you  
You can't go nowhere, 'cause when my momma call, she ask for you  
Don't care how you get it, just keep doing what you have to do

I'm going Trae Young from the three  
The cash money's with me  
I know how to fix your attitude  
Scoop you off your feet  
Treat you like a queen  
Baby, this is what you need

If you broke, leave her alone, get your bread up (Get your bread up)  
I promise I got my shit together  
Had it too bad 'cause she fed up  
She got good good, but she still hood
