

## Snow In ATL

Jacquees

(Haus...)

(That nigga nice)

It's cold, won't you come in? (yeah)

I'll keep you warm (warm)

Got enough space to accommodate your wishes, baby

I'm tellin' you it's cold outside, baby come on in

I'll save you from the storm

I got gifts for you, baby

Here to show that I missed you, baby (uh)

You're like snow in Atlanta

So special to me

Used to be once in a lifetime

Now it's every year with me

They say seasons change

Long as you don't change on me

I'll give you what you need

Baby, believe in me

Your love's like a snow day (yeah)

It ain't like the old days (nah)

I can't [?] no way (for real)

Remember the times we used to play, "Let It Snow", "Let It Snow", babe?

Outside, in the cold, at your old place

Talkin' mistletoe's and snowflakes, oh

You're like snow in Atlanta (Atlanta)

So special to me (to me)

Used to be once in a lifetime (in a lifetime)

Now it's every year with me

They say seasons change (change)

Long as you don't change on me (on me)

I'll give you what you need (what you need)

Baby, believe in me (in me)

Oh, no way

Mmm, oh yeah
