

Spend The Night

Jacquees

Nobody has to know (To know, to know)
Come over, let's do it over and over and over and over again
I'll give your body what it wants (Yeah)

Just sit back and relax
Girl, don't think too much (No)
Put your body in my hands
Let me have your trust (Yeah)
We gon' get in the shower
Go hours and hours and then
I'm with whatever you want
Baby come and

Spend the night with me (Spend, ooh)
I got so much to give (So)
I set the mood for you at the crib
So will you
Spend the night with me? (Spend, spend the night)
I got so much to give (So)
I set the mood for you at the crib

Take off your shoes (Yeah)
Relax your feet (Your feet, relax)
Like you just got off (Got off)
The chef gon' cook you something to eat (What you want to eat?)
I'll wine and dine
I'll take my time (I will)
And make you a believer (Come on)
Many nights I pray (I prayed for this)
For someone like you to finally come my way (And there you are)
So now that you're here
I want you to stay (Stay with me)
Stay with me, oh

Nobody has to know (They don't gotta know, to know)
Come over, let's do it over and over and over and over again
I'll give your body what it wants
Can you spend the night?

Spend the night with me? (Ooh, it's just us two, 'cause I want you to)
I got so much to give (I got so much to give, ooh)
I set the mood for you at the crib (I set the mood for you at my crib)
So will you (Come on)
Spend the night with me? (Will you? Spend the night with me)
I got so much to give (So much to give)
I set the mood for you at the crib (The crib, come on)

When you walk in
Take your clothes off (Yeah)
Put your phone on mute (Phone on mute)
Tie your hair up
Lay down
And do that thing that you do (Yeah)
Girl, you're pressure (Yeah)
Throwing that ass
Looking back while your hands on the dresser (Yeah)
Yes, I'm loving this experience (I am)

Baby, let's experiment (Experiment), mm, oh

Nobody has to know (Don't gotta know)

Come over, let's do it over and over and over and over again (Let's do it over, let's do it over)

I'll give your body what it wants

Can you spend the night?

Spend the night with me? (Spend, spend the night with me)

I got so much to give (Yeah)

I set the mood for you at the crib (I already set the mood at the crib)

So will you

Spend the night with me? (Spend the night with me)

I got so much to give (I got so much to give, and it's all for you)

I set the mood for you at the crib (At the crib, come on)
