

Stay There

Jacquees

She's tryna to play me like a regular n****
She say
Oh aye

She's tryna play me like I'm average
I had to do that bitch savage
I had to keep the advantage
Can't go out bad 'bout a bad bitch
I still know about your whereabouts
Cause word get back to me, to me
I was just thinking 'bout the shit I bought
I need it all back to me, to me
All the bags, and the cars
I need it all back, baby I
I won't pick up when you call
Just get a text back

I'll drop all your clothes off at your Momma house
If she still stay there, yeah
I'll do you dirty, pick your sister up from your Momma house
If she still stay there, whoa
I might rob your boyfriend in his Momma house
If you still lay there, oh
All you had to do was stay down and stay there, oh

You got me fucked up
Wishing that I never gave my love up
I know you're saying I'm the one that you can't trust
Must have forgot what I done did for us
All the times you did me wrong I did you right
Going crazy you been messing with my mind
Yeah, it's cool but I'm a need for you to find
All them things that kept you 'round just so you can tell the w
orld that you're mine
All the bags and the cars I need it all back baby I
I won't pick up when you call
I got to fall back

I'll drop all your clothes off at your Momma house
If she still stay there, yeah
I'll do you dirty, pick your sister up from your Momma house
If she still stay there, whoa
I might rob your boyfriend in his Momma house
If you still lay there, oh
All you had to do was just stay down and stay there, oh
