

The Graduation

Jacquees

We graduating from the club tonight
Let's go somewhere and fall in love tonight
Let's go somewhere and make a love song

Let's ditch VIP
Gotta know you with a boss
When you rolling with me
No I don't care what it cost
Baby get what you please
Take that make-up off you
Natural is beauty to me

So tell the DJ play yo favorite song
So we can wrap this shit up and get gone
Let's go to the whip I'll take ya home
Yeah this club shit is cool
But I wanna taste

We graduating from the club tonight
Let's go somewhere and fall in love tonight
We graduating from the club tonight (Tonight tonight)
Let's go somewhere and fall in love tonight (Tonight)
Let's go somewhere and make a love song

They not in our league
Let's go and catch a vibe
Where it's just you and me
No I don't want them in our business
They spilling the tea
'Cause they might find a way to break us up and take you from me

So tell the DJ play yo favorite song
So we can wrap this shit up and get gone
Let's go to the whip I'll take ya home
Yeah this club shit is cool
But I wanna taste

We graduating from the club tonight
Let's go somewhere and fall in love tonight
We graduating from the club tonight (Tonight tonight)
Let's go somewhere and fall in love tonight (Tonight)
Let's go somewhere and make a love song
