Jacquees

Touchdown  
Hit the driver, text you, girl, I'm on the way  
In town  
And I wanna see you, sorry, know it's late  
Your towel  
Wrapped around you right now, take it off your waist  
And, baby, assume the position

Come and climb on top of me  
I'll kick back and recline my seat, babe  
You remind me of my Jeep  
I'll put it in drive  
And, baby, assume the position

I'm designated  
I'll be your chauffeur  
All on your sofa  
You gon' have to get off of live  
Adjust the mirrors  
I'm feeling toxic  
Like it's a contest  
I'm about to give you the prize

Take the doors off, don't you hide it  
Shawty, show that shit  
You got French tips, you got nice lips  
And yo' skin so soft  
I wanna eat it  
I'll never mistreat it, naw  
You undefeated  
Referee gon' be screaming out

Let's take this to the room, I need you in the sheets  
All in my bed  
You kissing on my neck, keep up that energy, babe  
Screaming my name, scratching my back, oh  
Can't even unpack  
'Cause, baby, I'm on a mission

Take the doors off, don't you hide it
