Warning

Jacquees

Damn, you let me hold you for a few days
Oh I ain't seen ya, hope you're okay
I can't resist your lovin', damn, I wish you'd stay
Left without a warnin' (XL Eagle made it)
Oh! (Major)
Jacquees! Uh-huh, let's go get 'em
(SK) Ayy, let's get it (Cut it up), hey

You came and stole a nigga heart, escaped without a warnin' (Wha? Right?)
And you were so gangsta with it
Gave me no direction you were goin' in, yeah (Wha? Right?)
Girl, you didn't give me no time to buckle up and brace
While you were throwin' it (Uh-uh, uh-uh, nah, yeah)
But, girl, I got a thousand that made me
Realize that you're the warning (Yeah, what's up? Big Quees, ayy)

I know they gon' lie (Oh)
Tell ya ain't nothin' good for your heart to get you runnin' (Oh-oh)
But this the second time (Oh)
You done gave me the, "Nigga, pull up in it if you want it" (Oh-oh)
Call me 2Pac (Oh)
Once I hit it two times, got another two comin' (Oh-oh)
But whether you with him or not (Oh)
He was never the warnin', you comin'?

Make me readjust it, babe
Even jinx my day
For a second thought 'bout settlin' down
Knowin' it ain't my way
Don't know what the blogs are talkin' 'bout
They never see me chase
Never met no one that brought this out
You changin' up my ways, hey

You came and stole a nigga heart, escaped without a warnin' (Warnin', yeah)
And you were so gangsta with it
Gave me no direction you were goin' in, yeah (You, you)
Girl, you didn't give me no time to buckle up and brace
While you were throwin' it (The way you were throwin' it)
But, girl, I got a thousand that made me realize
That you're the warning (Realize you're the warning)

Make me readjust it, babe

For a second thought 'bout settlin' down

They never see me chase

You changin' up my ways, hey

Girl, you didn't give me no time to buckle up and brace
While you were throwin' it (Ooh, throwin' it in)
