

# Ya Body

Jacquees

I be pulling up drop top  
10 o'clock at night  
And you know that I'm outside  
You see the Lambo lights  
It came through your bedroom blinds  
Said your heart's a mess  
But you know that I don't mind  
I don't mind

Going through your playlist  
Tryna find that song that say what you been thinking  
But I knew just when that Donell Jones was playing  
Nobody was laying  
On the bed like it was an ocean

Ooo  
When I'm inside of you  
Yeah, oooo  
You know what I'm 'a do  
I'm about to go deep in your body  
Deep in your body  
You're starting my ignition  
Yeah, my key is in your body  
Make your legs shake like I'm squeezing your body  
Your waterfall I'm 'a go deep in your body  
Deep in your body  
Deep in your body  
Your waterfall I'm 'a go deep in your body  
Deep in your body  
Deep in your body  
Your waterfall I'm 'a go deep in your body

I can smell your cologne  
I'm in the house with my panties and your T-shirt on  
Don't you make me wait I know that it's been so long  
And it's so long  
That if you get any deeper it get out of control  
You go deep up in my body  
Bring out that freak inside me  
It's only one place to find me  
And you know just where I'll be  
In my b-e-d leave your sheets leaking  
It's w-e-t when you're with Dreezy

Ooo  
When I'm on top of you  
Yeah, oooo  
You know what I'm 'a do  
I want you to go deep in my body  
Deep in my body  
You're starting my ignition  
Yeah, my key is in your body  
Make your legs shake like I'm squeezing your body  
Your waterfall I'm 'a go deep in your body  
Deep in your body  
Deep in your body  
Your waterfall I'm 'a go deep in your body

I'm 'a go deep in your body  
Deep in your body  
Deep in your body  
Your waterfall I'm 'a go deep in your body
