

Ya Body's Calling

Jacquees

Yeah, aye, yeah
Wassup? (Ooh, ooh)
I've been calling you all night
I know you got other things going on
But I'm just saying
Wassup?

Your bo-
Your body's calling
Your body's calling, yeah
Your body's calling
Your body's calling, yeah
Your body's calling, yeah
Your body's calling, oh
Your body, yeah
Your body's calling

Ooh, yeah, yeah, yeah
Head your way
I'll let you get your way
Oh, how we go insane
The way you biting on your lips
Making them fuck-faces
I bet the neighbors know my name
How you be calling out
How I be calling out, no
Say my name, say my name
How you be bragging 'bout
What you be bragging 'bout? Mm
I'm something to brag about, woah
You gon' be cashing out, yeah
You gon' be crashing out, yeah
You gon' be tapping out, yeah

Your body's calling, yeah
Your body's calling, yeah
Your body's calling, mhm
Your body's calling, yeah
Your body, yeah
Your body's calling, mhm
Your body's calling, woah
Your body's calling

A house is not a home
If I don't see her face
If I don't see her face, no
My bed don't feel the same
Come and put me in my place
Come and put me in my place
When you off work, we can go to work
Private trips to Turks, I'ma do you worse
Feels so good even when it hurts
On top, what do you prefer?
Backshots? What do you prefer?
I know it's been a minute
We got unfinished business, mmm

Yeah
Your body's calling
Your body's calling
Your body's calling
Your body's calling

Look, I know want at 4 a.m
Pulling off, you know I am
Unlock the door, I'm coming inside
Fuck them clothes, take off the thong
You know what type of time I'm on
Put up the dog, no fucking up the vibe
Girl, cut on the shower
And I'll be waiting by your bed
Girl, it's time for action
Now I'm spreading out your legs
Feel like your body's calling me
Climb on top of me
Don't hold back on me
Get as hot as you wanna be
Yeah, wetting up the bed
Yeah, pulling on my dreads
Your body's calling

Your body's calling
Your body's calling
Your body's calling
Your body's calling
Your body's calling
Your body's calling
Your body's calling
Your body's calling
