

You Get It / Kant Hold It

Jacquees

Was making plans for just the two of us
Yeah, I know I fumbled all the trust
Too many drinks I'm risking all of us
And just to think this shit is all because
I didn't wait on you
Looking back I was a fool
Looking back all the shit I was scared to do
Like if you use my phone
I'm thinking you gon' read my messages
'Cause I know it'll break ya heart
If you read what's in the text
But I pray for the best
Heart full of regrets
Replace it with baguettes
Know I fucked it up
let me clean it up
All them lies and stuff
look what it did to us

You get it
Mhhhhmm mhhhhmm mhhhhmm
Mhhhhmm mhhhhmm mhhhhmm
Mhhhhmm mhhhhmm mhhhhmm

You get it
Mhhhhmm mhhhhmm mhhhhmm
Mhhhhmm mhhhhmm mhhhhmm
Mhhhhmm mhhhhmm mhhhhmm

You get it
Mhhhhmm mhhhhmm mhhhhmm

You get it
Mhhhhmm mhhhhmm mhhhhmm
Mhhhhmm mhhhhmm mhhhhmm

You get it

It ain't hard to put it on
Girl you know you got it
You walk around like it's yours
When you know I bought it
Kiss yo lips give you funds
Have a good day
Take a trip to the sun for yo b'day
Girl I pray that we last long
That's what I'm on
Diving in and out of these streets gotta get home
You got natural vibes keeping it discreet
She get loud for me when we in the sheets

That pussy soaking, that pussy poking
I ain't gon' hold it, I can't control it
Tell me all you need and that's all I'll be
Gon' fall in love when I get to stroking

You be acting you like you know

What I got you got it
Every time you out yo place
I put you in yo pocket
Remember when you told me what you told me
No need to worry about them niggas that was before me
I'll let the 40 go
I'll bring a Draco
I'll spray the parking lot about you
Pray I live long
It's like one day you love me
The next day you diss me
Then throw me that pussy
That's when it gets tricky

That pussy soaking, that pussy poking
I ain't gon' hold it, I can't control it
Tell me all you need and that's all I'll be
Gon' fall in love when I get to stroking

Girl I pray that we last long
That's what I'm on
Diving in and out of these streets gotta get home
You got natural vibes keeping it discreet
She get loud for me when we in the sheets
