Yo, yo

"I wanna.." take a trip to the Beverly Center
and scoop a mean model broad up dawg and get head in the renter
Gotta take her home, clean her up before I can finish
Cause ain't no pussy worth gettin burnt while I'm up in it
Then I made her roll up while I was runnin a bath
And she said she do X, I gave her one and a half
Let her get her roll on and made her jump in the bath
I left her standin there sayin.. haha
"I wanna.." come through in the orange M5
And I got them things in the trunk and they goin for ten-five
It could and it will get ugly, but so what?
No matter how it go down, the hood'll still love me
Never cut broads, I let everybody hit 'em
My bullets is like chicken pox, everybody get 'em
You know Ja' blow pud-dy, lookin for somethin to slay
Mixin the 'gnac with Ocean Spray, c'mon

"I wanna.."

Cruisin baby - come ride with me
Ride with me, ride with me, ride with me
Cruisin baby - come smoke with me
Smoke with me, smoke with me, smoke with me
Cruisin baby - roll down these streets
Roll with me, roll with me, roll with me
with me..

"I wanna.." bust a bitch upside her motherfuckin head
for talkin shit to a pimp
Limp on 'em, flip on 'em, dip on 'em
Crip on 'em, and put this motherfuckin dick on 'em
This sorta fish called a bitch oughta hush up
Rolled a fat blunt and smoked this motherfuckin dope up
Cause you know what? (Whattup?)
Shit a nigga know you're so tough, but bitch I wanna go fuck
"I wanna.." take you upstairs, and do dat dere
Hell motherfuckin yeah
See I'm a real player and I won't waste your time
I've been a starter, I ain't never sat the fuckin pine
Stay on the frontline, it's all by de-sign
Nigga done the crizzime, ain't never dropped a dizzime
Everything is fizzine, rollin up a dizzime
D-O-double-G I got bitches waitin in lizzine

"I wanna.."

Cruisin baby - come ride with me
Ride with me, ride with me, ride with me
Cruisin baby - come smoke with me
Smoke with me, smoke with me, smoke with me
Cruisin baby - roll down these streets
Roll with me, roll with me, roll with me

Uh-huh, yeah.. yeah..

"I wanna.." do the club thing like in and out in an hour
And then I'm back home bangin shorty out in the shower
Check it I'm chasin the Henny with Coronas
She got in her mind that, she gon' get some Fendi if I bone her
(eh-eh) Backshot was murder from the rear
And she gave me mean top, while I blew the purple in her hair
Oh yeah, after I nutted I was a goner
And still got honey thinkin that
"I wanna.." automatic start on the Aston Martin
Can't beat 'Kiss cause you ain't got half the heart an'
get you hit on the inside for half a carton
Couple of suits - dawg, we fuckin with loot
I got enough dough to chill in court
But I know dudes with twenty-five in and they still ain't short
But never mind that, we can't lose
Pour another drink, roll another dutch up
We gon' cruise, let's go

"I wanna.."

Cruisin baby - come ride with me
Yeah, cruise, cruise.. gangsta, gangsta..
Cruisin baby - come smoke with me
Yea yea, yea yea.. yea yea, gangsta, gangsta..
Cruisin baby - roll down these streets
Cruise.. lay low.. hold it down y'all
