Butterfly doors on the triple black challenger  
And I'm still in and out, got it so I'm spendin out  
Dope boy, so I never have a problem in a drought  
Don't take, too much work if you can't manage that  
Just in case you run out of empties, use sandwich bags  
Play with the hand you was dealt  
That's why I ride the track 'til it melt  
I could care less how you feel, how you felt

Threesomes in the trunk, I'm fuckin for the wealth  
And the hood ask about me, I'm somethin else

You could tell the way I stack my money (I'm somethin else!)  
Nah, I ain't one of them dummies (I'm somethin else!)  
Tre's, nick's, dimes and twenties (I'm somethin else!)  
The way I get it in with the honeys (I'm somethin else!)  
Still representin the block (I'm somethin else!)  
And you ain't got to tell me I'm hot (I'm somethin else!)

Rippin up his back but the strap'll tear your front off  
Neck slump and run through your boss, he tried to jump off  
It's D-Block, we treat every town just like it's New York (D-Block!)  
Cross the whole game like my verses do the track  
Push the pen like a pack and let it work through the trap (Snyp!)  
Get your roof cut, ace hit by shooter's that'll spray shit  
And if it ain't the ruger shit'll melt you and your face split
