Does Anybody Know

Jade Bird

Time goes slowly
Walking through the city
Like the reckoning
I'm alone out here

And all this noise
Static from the TVs
And the telephone poles
That won't connect you to me

Does anybody know that I'm out here waiting?
Does anybody know I still call for you?
Does anybody know there's a soul that needs saving?
Does anybody know you like I do?
I didn't think so
I didn't think so

Nothing like the hues
Framed by the sun
Like the colours in you
They can hurt someone

Shall I leave you alone?
Is that what you want?
These streets go on forever
I could hone them in heaven

Does anybody know that I'm out here waiting?
Does anybody know I still call for you?
Does anybody know there's a soul that needs saving?
Does anybody know you like I do?
I didn't think so
I didn't think so

Lady on fire
Waiting it out
One doomsday crying
One great big sound

Does anybody know that I'm out here waiting?
Does anybody know I still call for you?
Does anybody know there's a soul that needs saving?
Does anybody know you like I do?
I didn't think so
I didn't think so
I didn't think so
I didn't think so
