

Count The Ways

Jade Eagleson

Two tail lights, a cloud of dust
'05 Kia full of half of my stuff
One girl gone, she drove off
Eighty in a sixty, she's blacktop gone

Girl, I bet you think I'm good and lonely
Thinkin' 'bout you and you only
Think you did a number on me
But naw

Whoa, I've been out three nights straight
Drunk six ways from Sunday
And I ain't spent one hot minute
Thinkin' 'bout you (Woo)
Met a small town ten with a southern drawl
Got seven good reasons I should give her a call
It all worked out when you walked out, girl, to tell you the truth (Woo)
I can't count the ways I'm over you

Four Bud Lights and two-for-one's
You always hated this bar, never wanted to come
Now I'm bulletproof, sippin' 90 proof
Sittin' on cloud nine on a bar stool

Girl, I bet you think I'm good and lonely
Thinkin' 'bout you and you only
Think you did a number on me
But naw

Whoa, I've been out three nights straight
Drunk six ways from Sunday
And I ain't spent one hot minute
Thinkin' 'bout you (Woo)
Met a small town ten with a Southern drawl
Got seven good reasons I should give her a call
It all worked out when you walked out, girl, to tell you the truth (Woo)
I can't count the ways I'm over you

I can't, I can't count the ways (Woo)
I'm over you
I can't, I can't count the ways (Woo)
I'm over you

(Woo)

You, you, you
