

Do It Anyway

Jade Eagleson

They told me old school ain't gonna work
They told me don't tuck in your shirt
I do it anyways
I do it anyways

They said that sound ain't coming back
They said don't wear that cowboy hat
I wear it anyways
I wear it anyways

Anyway I want
The only way that I know how
Yeah, the way I've always done it
Is the way I do it now
I'm here to have a good time
I ain't got no time to waste
I know that it could all be over any day
So I do it anyways
Ah, yeah
What's your story, Jake?

I've seen my share of 2:00 AMs
They said don't burn it at both ends
I burn it anyways
I burn it anyways

They said you're gonna wreck your world
Lovin' them crazy country girls
I love 'em anyways
I love 'em anyways

Anyway I want
The only way that I know how
Yeah, the way I've always done it
Is the way I do it now
I'm here to have a good time
I ain't got no time to waste
I know that it could all be over any day
So I do it anyways

I do it anyhow
That's right
As long as this whole crazy world
Keeps spinnin' 'round

I'm gonna pop a top
I'm gonna shut it down
And if what I do stops being cool
One of these days
I'll do it anyways
Oh, come on

Any way I want
The only way that I know how
Yeah, the way I've always done it
Is the way I do it now
I'm here to have a good time

I ain't got no time to waste
I know that it could all be over any day
So I do it anyways

They said that old school ain't gonna work
I say it does
They said that sound ain't coming back
Ah, it's back
That's right
I do it anyways
