

Honky Talkin'

Jade Eagleson

You're Kentucky straight
Bourbon on your lips
Bonnie in your eyes
Dolly in your hips
There's rumors going 'round
Behind every swingin' door in town

Some say you're a blonde
Some say brunette
You've always got a cowboy
Pickin' up the cheque
But no one gets to know your name
'Cause a cowgirl always rides away

You're a neon legend
A Tennessee eleven
Best to ever do it
When your boots are two-steppin'
You're turnin' every head
Tipping every Stetson
They say you wrote the book on
Country and western
Texas up to Cali
Georgia to Mizzou
Denver back to Bama
Down to Baton Rouge
If there's dust on the floor
And Jones on the juke
Girl, every honky tonk's
Honky talkin' 'bout you

Spinning you around's
Like lightning in a bottle
I'ma drink ya down
'Cause girl, I know tomorrow
As soon as that sun comes up
You'll leave me in a cloud of dust

You're a neon legend
A Tennessee eleven
Best to ever do it
When your boots are two-steppin'
You're turnin' every head
Tipping every Stetson
They say you wrote the book on
Country and western
Texas up to Cali
Georgia to Mizzou
Denver back to Bama
Down to Baton Rouge
If there's dust on the floor
And Jones on the juke
Girl, every honky tonk's
Honky talkin' 'bout you

You're a neon legend
A Tennessee eleven

Best to ever do it
When your boots are two-steppin'
You're turnin' every head
Tipping every Stetson
They say you wrote the book on
Country and western
Texas up to Cali
Georgia to Mizzou
Denver back to Bama
Down to Baton Rouge
If there's dust on the floor
And Jones on the juke
Girl, every honky tonk's
Honky talkin' 'bout you

Sure are, girl
Honky talkin' 'bout you
Girl, every honky tonk's
Honky talkin' 'bout you

Oh yeah
Honky talkin' 'bout you
Oh man, they're talkin'
Oh, c'mon now
