

# I Don't Drink

Jade Eagleson

I drink beer because it ain't right to keep things bottled up  
One leads to another, another leads to drunk

I'm just a good time Charlie, a regular Joe  
The life of the party, the star of the show

I don't drink to get you off my mind  
I don't drink to leave my past behind  
I don't drink 'cause I'm down on my luck  
I only drink, yeah, I only drink to get drunk

I shoot whiskey and rum, it's just like shootin' a gun  
I take a shot, and reload, I take a sip, next thing you know

I'm just a good time Charlie, a regular Joe  
The life of the party, the star of the show

I don't drink to get you off my mind  
I don't drink to leave my past behind  
I don't drink 'cause I'm down on my luck  
I only drink, yeah, I only drink to get drunk

I don't drink to get you off my mind  
I don't drink to leave my past behind  
I don't drink 'cause I'm down on my luck  
I only drink, yeah, I only drink to get drunk  
Yeah baby, I only drink to get drunk
