

Lucky

Jade Eagleson

Never won a million bucks on a scratch off ticket
Hell, I ain't even won five
Been out all day in a pontoon fishin'
On a lake full of bass, no bites
Been broke down on the side of the road
In a truck I just fixed up
And I've prayed for rain for days and days
While them fields just turned up dust

So how did I get so lucky?
You've got me thanking those stars above me
For the way you make every God given day so sunny
It's funny, I ain't even in Kentucky
But don't I know it, 'cause of you it's all coming up roses
I still can't believe
Every time you tell me, you love me
Honey, how did I get so lucky?
So lucky, so lucky

Those neon lights musta lined right up
That night your eyes caught mine
'Cause there you were and there I was
In the right place at the right time
You've got a kiss like heaven
It's like I rolled a seven on a pair of dice
I still don't know what this old boy did
To get your hand in mine

Yeah how did I get so lucky?
You've got me thanking those stars above me
For the way you make every God given day so sunny
It's funny, I ain't even in Kentucky
But don't I know it, 'cause of you it's all coming up roses
I still can't believe
Every time you tell me, you love me
Honey, how did I get so lucky?

L-U-cock-Y
How did I get so
L-U-cock-Y
How did I

How did I get so lucky?
You've got me thanking those stars above me
For the way you make every God given day so sunny
It's funny, I ain't even in Kentucky
But don't I know it, 'cause of you it's all coming up roses
I still can't believe
Every time you tell me, you love me
Honey, how did I get so lucky?
So lucky, so lucky
