

## Rodeo Queen

Jade Eagleson

That lady in the saddle sure knows how to boogie  
She's a certified can chasin', chapped up, cutie  
She's a Stetson and a pearl snap shirt wearin' beauty  
Yee haw, yippee ki-yay, take me away  
I hit my knees and I pray, someday she'll wanna stay

But reinin' her in's like ropin' the wind  
She's here today, and then gone again  
She's a goodbye kiss, then a, "Miss you" text  
From the next town that she's riding in  
And I hate to see her leave  
'Cause she's this cowboy's dream  
Oh, what I'd give to be the King to the Rodeo Queen

Don't want a diamond on her finger, she wants 'em on her buckle  
But her grip on me keeps her white in the knuckles  
Like her hands on the reins when the horse starts to shuffle  
She's sharp as a razor, sweet as honey suckle  
I hit my knees and I pray, she'll stable up someday

But reinin' her in's like ropin' the wind  
She's here today, and then gone again  
She's a goodbye kiss, then a, "Miss you" text  
From the next town that she's riding in  
And I hate to see her leave  
'Cause she's this cowboys dream  
Oh, what I'd give to be the King to the Rodeo Queen

Ohh, tell 'em, Brent  
Let's go, Paul  
Aw, saw me some fiddle, Larry  
Awhaw

But reinin' her in's like ropin' the wind  
She's here today, and then gone again  
She's a goodbye kiss, then a, "Miss you" text  
From the next town that she's riding in  
And I hate to see her leave  
'Cause shes this cowboy's dream  
Oh, what I'd give to be the King to the Rodeo Queen

She's here today, then gone away, what I'd give to be the King to the  
Rodeo Queen

She's got the boots, the hat, the whole dang thing, what I'd give to  
be the King to the Rodeo Queen

Aw, there she goes

Come back now, ya hear?
