

# Silverado-si-do

Jade Eagleson

Yeah that one summer baby we were on fire  
I'd pick you up  
And we burn out the tires  
In that two tone  
Just to get alone

We'd find a spot where the gravel met grass  
Scan that FM for a not-so-fast country song  
And not before long

We'd Silvera-do-si-do  
Darlin', I'd pull you close  
High beams shining like the moon  
Spinnin' you slow  
I'd go and steal a kiss  
Or two  
Silvera-do-si-do  
Like we ain't letting go  
Dancing around the heartbreak truth  
Pretending there's no end  
To me and you

It went as fast as that half tank of gas  
College was calling  
And your bags were all packed  
The end was in sight  
But instead of goodbye

We'd Silvera-do-si-do  
Darlin', I'd pull you close  
High beams shining like the moon  
Spinnin' you slow  
I'd go and steal a kiss  
Or two  
Silvera-do-si-do  
Like we ain't letting go  
Dancing around the heartbreak truth  
Pretending there's no end  
To me and you

Sometimes I wonder if I called you up  
If you'd go back in time  
With me and that truck

We'd Silvera-do-si-do  
Darlin', I'd pull you close  
High beams shining like the moon  
Spinnin' you slow  
I'd go and steal a kiss  
Or two  
Silvera-do-si-do  
Like we ain't letting go  
Dancing around the heartbreak truth  
Pretending there's no end  
To me and you

We'll pretend like there's no end

To me and you
