

Constellations

Jade LeMac

Lights are turned off
Music is on
Minds are unlocked
This feeling is amazing
Hands on your waist
Liquor is all that we taste
Your freckles lead the way
I trace your constellation

I see it in your eyes
The wind blows west where the sun don't rise (Yes)
You've got a darker side
You know it's a mess but you don't need to hide (Yes)
The sweat is dripping down
Caresses your skin till it hits the ground (Uh)
You're diggin' deeper now
You're biting your lips so you don't make a sound

Lights are turned off
Music is on
Minds are unlocked
This feeling is amazing
Hands are on your waist
Liquor is all that we taste
Your freckles lead the way
I trace your constellation

Now we're four shots in
Slowly getting sober from the taste of your skin
We bring the light to the sin
You pull my head up as you're dripping down my chin
I feel your heart start to beat
When I hit the spot you know I hit it perfectly (Yeah)
And you taste so sweet
Leave me wanting more soon as we get out the sheets

Lights are turned off
Music is on
Minds are unlocked
This feeling is amazing
Hands are on your waist
Liquor is all that we taste
Your freckles lead the way
I trace your constellation

Now you're gone in the blink of an eye
I try to remember what you look like
Orion's Belt in the sky
Closest thing to you other than my mind
Now you're gone in the blink of the night
I try to remember what you taste like
Deep playing in my head
The smell of your body is still in my bed

Lights are turned off
Music is on
Minds are unlocked

This feeling is amazing
Hands on your waist
Liquor is all that we taste
Your freckles lead the way
I trace your constellation

I trace your constellation
