

Got Me Obsessed

Jade LeMac

See, I'm protective as hell
But it's only cause I love you and I wish you so well
And I am jealous as fuck
But it's only when somebody gives you that certain look
And I'm not likely to kick a head in
But I'll curb stomp a bitch if she objects at our wedding
Protective as hell
But it's only cause I love you and I wish you so well

Got me obsessed
You've got me obsessed now
Got me undressed
You've got me undressed now
Got me obsessed
(And I want you so bad)
You've got me obsessed now
(You're the best that I've had)
I must confess
(And I want you so bad)
You've got me obsessed now

See, I'm possessive as hell
But it's only cause I'm greedy and want you for myself
And I am selfish as fuck
But it's only when somebody decides to push their luck
And I'm not likely to kick a head in
But I'll curb stomp a bitch
If she attempts to get you sweating
Possessive as hell
But it's only cause I'm greedy and want you for myself

Got me obsessed
You've got me obsessed now
Got me undressed
You've got me undressed now
Got me obsessed
(And I want you so bad)
You've got me obsessed now
(You're the best that I've had)
I must confess
(And I want you so bad)
You've got me obsessed now

Drunken kisses
Watch me as we switch positions
Know there ain't a line that I won't cross
For you I would give it up
Fuck you right I know what you want
You know I am the only one

Got you obsessed
I've got you obsessed now
Got you undressed
I've got you undressed now
Got you obsessed
(Now you want me so bad)
I've got you obsessed now

(I'm the best that you'll have)
Can you confess
(Now you want me so bad)
I've got you obsessed now
