

# Narcissistic

Jade LeMac

Say it's all my fault  
And that gets me off  
I ignore your call  
When you wanna talk  
You bow down  
When I fix my crown  
Then I get too loud  
And you like the sound

I get so bored when I try to be nice  
It gets so hot when I'm picking a fight  
Call me crazy and I'll show you you're right  
Say you love me then I'll bite

I'll stay narcissistic  
Turning red to riches  
Gimme your gimme your  
Heart so I can rip it  
I'll stay narcissistic  
You could be my victim  
Gimme your gimme your  
Tears so I can sip them  
You act like you're innocent  
But you kiss like you're into it  
Play the parts when we're intimate  
I know that it's twisted  
I'll stay narcissistic

Let's play a game  
I'll run you chase  
If I win the race  
I'll let you stay  
It's therapy  
When you cherish me  
But my fantasies are better when you hate me

I'll stay narcissistic

Turning red to riches  
Gimme your gimme your  
Heart so I can rip it  
I'll stay narcissistic  
You could be my victim  
Gimme your gimme your  
Tears so I can sip them  
You act like you're innocent  
But you kiss like you're into it  
Play the parts when we're intimate  
I know that it's twisted  
I'll stay narcissistic  
(I'll stay narcissistic)

I get so bored when I try to be nice  
It gets so hot when I'm picking a fight  
Call me crazy and I'll show you you're right  
Say you love me then I'll bite

I'll stay narcissistic  
Turning red to riches  
Gimme your gimme your  
Heart so I can rip it  
I'll stay narcissistic  
You could be my victim  
Gimme your gimme your

But you kiss like you're into it  
Play the parts when we're intimate
