

# Pink Balloon

Jade LeMac

Your skin is like the sun  
Burns me to the touch, but I cannot get enough  
Your lips are sweet as honey  
Leading trails to my tummy  
Don't stop

Please don't say a word  
Love me till it hurts  
And when it hurts  
I'll be the first  
To say I love you

I'll rise my chest in sync with yours  
As you breathe in my scent galore  
And I'll listen as your heartbeat roars  
I'll pray upon the fullest moon  
And hold onto your pink balloon  
And I promise I'll never let it go

Your hands are soft as silk  
Tracing all my flaws  
Suddenly you're all I want  
Your mouth is like the sunset  
Going down every night  
And don't stop

Please don't say a word  
Love me till it hurts  
And when it hurts  
I'll be the first  
To say I love you

I'll rise my chest in sync with yours  
As you breathe in my scent galore  
And I'll listen as your heartbeat roars  
I'll pray upon the fullest moon  
And hold onto your pink balloon  
And I promise I'll never let it go  
Never  
Let our memories  
Blow away  
I'll tie a knot around my waist  
I'll keep them safe  
I'll keep them safe

I'll keep you safe  
Till my last day  
I'll find a way  
Where we can stay  
In this moment  
Where your kiss is all I need  
And you touch me places  
No one's ever seen  
Don't go  
Don't leave  
Stay in this fever dream  
Don't go

Don't leave  
Stay for eternity  
Don't go  
Don't leave

I'll rise my chest in sync with yours  
As you breathe in my scent galore  
And I'll listen as your heartbeat roars  
I'll pray upon the fullest moon  
And hold onto your pink balloon  
And I promise I'll never let it go
