

You're Not A God

Jade LeMac

You fool
You really thought I'd give myself up to you
My rules
I'll play your own game, roll a 1, make it 2
Your type
Gotta fit right, gotta sip right, gotta click right now
But go check yourself out

Easy you are
Plainer than a rock
No brains or heart
I beg for you to stop
Embarrass yourself
You need to give up
Can you just start to give up

I know you can be like that
(You are a fiend like that)
I know you can be like that
(You cause a scene on that)
I'll keep you waiting
Don't say you need me now
So used to getting what you want
Fuck your ego 'cause you're no god

You're not
You're not
You're not a god
You're not a god

Don't try
Second times not a charm if you got denied
The first time
Like what has happened here on this very night
You speak
Got me feeling weak, got me on my knees, laughing at your feet
'Cause you are so ordinary

I know you can be like that
(You are a fiend like that)
I know you can be like that
(You cause a scene on that)
I'll keep you waiting
Don't say you need me now
So used to getting what you want
Fuck your ego 'cause you're no god

You're not
You're not
You're not a god
You're not
You're not
You're not a god
You're not
You're not
You're not a god
You're not a god

You are the type that will beg for it
One taste of me and then you'll start to pray for it, pray for it
All of this talk just to show off
No money, no game, just a blow off
I come from hell, I'm a G
One touch will make you OD, D
(You think you're a fucking god?)
Did you get off, fucking show off (heh)
Get outside and go head and kick rocks, baby

I know you can be like that
(You are a fiend like that)
I know you can be like that
(You cause a scene on that)
I'll keep you waiting
Don't say you need me now
So used to getting what you want
Fuck your ego 'cause you're no god

You're not
You're not
You're not a god
You're not
You're not
You're not a god
You're not
You're not
You're not a god
You're not a god
