

Disruption

Jade Novah

Are you sleeping
Are you sleeping
Yes you are
Yes you are
Don't you feel it coming
Don't you feel it coming
Wake up now
Wake up now

But why you up in here still talking shit to me like I'm supposed to be here
Yeah, and why you up in here with your tight grip on me we ain't supposed to be here

But I'm on a rocket ship
Flying out of this
No you won't see me no more
I'm on a plane
Towards outer space
So what you waiting for
Take a look in the mirror
Don't you wanna see clearer
Evolution is nearer
We on another wave
Oh way, oh

Are you sleeping
Are you sleeping
Yes you are
Yes you are
Don't you feel it coming
Don't you feel it coming
Wake up now
Wake up now

Open your eye
