

## Time

Jade Novah

When I woke up this morning I screamed, oh my god, oh my god  
I was freaking the hell out thinking I'm running out of time  
I thought to myself, damn I'm not 25  
I need to get this before I hit...  
Well, before I get older

I been thinking, been thinking the earth's still spinning  
Even if I stop now that won't stop time  
Been drinking, been drinking but now I'm thinking  
Spent a long time feeling like this

I be like what's time  
I be like fuck time

When I looked in the mirror I said, oh my god, oh my god  
So much wiser than what I was when I was just 25  
I thought to myself I'm alive, I'm alive  
I need to live before I get...  
Well, before I get older

I been thinking, been thinking the earth's still spinning  
Even if I stop now that won't stop time  
Been drinking, been drinking but now I'm thinking  
Spent a long time feeling like this

I be like what's time  
I be like fuck time

Ooh, I keep on asking what's time  
I be like fuck time  
Ooh, what's time  
I be like fuck time

When I woke up this morning I screamed, oh my god, oh my god  
I was freaking the hell out thinking I'm running out of time
