

Try

Jade Novah

Maybe we're blind
Cause we ain't seen nothing
Maybe we're lost
Cause we still be searching
Maybe we're dumb
Cause we do not know a damn thing about love

Might be insane
Cause we keep on trying
No parachute
But we keep on diving
We might be young
Cause we don't listen to a thing about love

Forever's complicated
Romance is so outdated
Free falling from the sky
We ain't got no fucking clue what doing but we still

Try...
We still try
But we still try
I don't know, I don't why
No I don't know, I don't know why
But we still try...

We're so naive
Cause we keep believing
Heart on a sleeve
But it keeps on beating
We can't agree
No we can't decide on one thing about love

Maybe we're broke
Cause we can't fix nothing
We're all alone
Just trying to feel something
We must be young
Cause we don't listen to a thing about love

Forever's complicated
Romance is so outdated
Free falling from the sky
We ain't got no fucking clue what doing but we still

Try...
We still try
We still try
I don't know, I don't why
No I don't know, I don't know why
But we still try...
We still try...

But I don't know, I don't why
No I don't know, I don't know why
But we still try...
We still try...
