

# FUFN (Fuck You For Now)

JADE

You always think you know me best, you don't  
I need you to listen, but you won't  
Talkin' to you when you cut me off  
Usually I'd brush this off  
Something stirred down inside my bones (Ah)  
I smile and wave when we're at this event  
Once we leave, I will not play pretend  
You said things that you will regret  
Once you see me lose my head  
Hurt me now and all I see is red  
You know you've pushed me to the edge

I'm gettin' out the car, I slam the door  
We've done this shit before, I ain't doin' it tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
No more words, just "fuck you" for now  
I drank too much tonight, I'm cryin', I'm tired  
We know it's not goodbye, but it's for tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
Love you, but tonight you let me down (Down)  
No more words, just "fuck you" for now

Hand on heart, I always put you first (First, first, first)  
Even when it's more than you deserve (You deserve)  
I moved my world to fit you in (Ah, ah)  
I let you leave, I let you back in (Ah, ah)  
You had your go, now baby, it's my turn (Turn, turn)  
Forgive me for the words I'm 'bout to say (Say, say, say)  
I'm about to hit you with the worst of me  
I don't want your angry text  
I don't want your sorry sex  
I just want you out my fuckin' face  
Don't tell me to chill out, not today

I'm gettin' out the car, I slam the door  
We've done this shit before, I ain't doin' it tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
No more words, just "fuck you" for now  
I drank too much tonight, I'm cryin', I'm tired (No)  
We know it's not goodbye, but it's for tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
Love you, but tonight you let me down (Down)  
No more words, just "fuck you" for now

I pray tomorrow we'll be okay  
We'll be okay  
Ayy, ayy, price to pay  
Pride comes first till you fall for me  
Don't walk away, just walk away  
Don't walk away, just walk away  
Don't walk away, just walk away (Walk away)  
Don't walk away

I'm gettin' out the car, I slam the door  
We've done this shit before, I ain't doin' it tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
No more words, just "fuck you" for now (Now)  
I drank too much tonight, I'm cryin', I'm tired (Tired)  
We know it's not goodbye, but it's for tonight  
Baby, back off of my face right now  
Don't you tell me to calm down  
Love you, but tonight you let me down (You let me down)  
No more words, just "fuck you" for now (Now)  
No more words, just "fuck you" for now
