Lip service  
That's what I'm talking about, yeah  
Ooh, the whole situation's outta control  
Is it the feeling of fire, hey

Lip service  
That's what I'm talking about, yeah  
Ooh, the whole situation's outta control  
Is it the feeling of fire, hey

You know I'm thirsty for a kiss  
Give me a picture of your  
You say you never had a vibe like this  
So fuck your friends, and come and vibe with me instead  
In my bed, get ahead  
I make my moves on you and then I know you can't  
Take your eyes off me  
Let's get loose, loose, yeah

Hey now  
Making your way down  
Man is about town  
I just want your

Lip service

Lip service  
That's what I'm talking about, yeah  
Ooh, the whole situation's outta control  
Is it the feeling of fire  
'Cause I'm burning up, burning up, burning up  
With all the nasty little butterflies  
I get nervous when I catch your eye  
But you know what it's like to be tongue-tied  
Up in the clouds, when you go down  
I make my moves on you, and then I know you can't keep your lips off me  
Off the juice, juice, yeah

Hey now  
Making your way down  
Man is about town  
I just want your

Lip service  
That's what I'm talking about, yeah  
Ooh, the whole situation's outta control  
Is it the feeling of fire, hey  
Lip service  
That's what I'm talking about, yeah  
Ooh, the whole situation's outta control

But can you back it up?  
Can never have enough
