

Plastic Box

JADE

Found your love letter to her
I'm trying to be cool but it really fucking hurts
I'll just do what I do
Silently torturing myself
Was her ocean deeper than mine?
Did you sink into her, fall in love at first sight?
I know we're good but
I'm constantly comparing myself

It's irrational and impossible
'Cause I know you had a life before me
But I'm jealous, obsessive
And I wanna burn all your history, burn your history

Can I have your heart in a plastic box? (Oh)
Never used, fully clean, untouched (Oh, oh)
Like I'm the only one you've ever loved
Can I have your heart in a plastic box? (Can I have your heart?)
Can I have your heart in a plastic box? (Oh; Never used, untouched)
Never used, fully clean, untouched (Oh, oh; Only one you loved)
Like I'm the only one you've ever loved (Oh; Can I have your heart?)
Can I have your heart in a plastic box? (Yeah)

Are you sure you feel the same way? (Feel the same way?)
'Cause it took me months, it only took her a day (Uh-huh)
To make you jump in
I read it in your handwritin'

It's irrational and impossible
'Cause I know you had a life before me
But I'm jealous of your exes
And I wanna burn all your history
(Wanna burn all your history, ah)

Can I have your heart in a plastic box? (Oh, oh-oh)
Never used, fully clean, untouched (Oh, oh; Oh yeah)
Like I'm the only one you've ever loved
Can I have your heart in a plastic box?
Can I have your heart in a plastic box? (Oh)
Never used, fully clean, untouched (Oh)
Like I'm the only one you've ever loved
Can I have your heart in a plastic box?

Can I have your heart?
Never used, untouched
Only one you love
Can I have your heart?

Can I have your heart in a plastic box?
Never used, fully clean, untouched (Oh, oh)
Like I'm the only one you've ever loved (Can I have your heart?; You've ever loved)
Can I have your heart in a plastic box? (Yeah)
Can I have your heart in a plastic box? (Can I? Can I?; Never used, untouched)
Never used, fully clean, untouched (So untouched; Only one you loved)
Like I'm the only one you've ever loved (You've ever loved; Can I have your.

..)

Can I have your heart in a plastic box?
