

Ain't No Love

Jaded Heart

There ain't no love in this Heart os Stone
I can't do anything when your feelings are gone

There ain't no love, since you walked out thru my door
There ain't no love, since you told me what's in store
There ain't no love, and the time is passing by
There ain't no love, but your still in my mind
There's no mountain too high, really nothing I wouldn't do
and you want see me cry, there;s nothing you want me to do
kiss me goodbye

There ain't no love in this Heart os Stone
I can't do anything when your feelings are gone
There ain't no love in this Heart of Stone
Oh it's over and out when you're out on the run
and the damage is done

Without your love I feel so insecure
It's just your love, that I'm running for
It gets so tough, I played with fire and got burned
And I'll give up all, the times have turned
There's no mountain too high, really nothing that I wouldn't do
But you won't see me cry, there's nothing you want me to do
kiss me goodbye

There ain't no love in this Heart of Stone
I can't do anything when your feelings are gone
There ain't no love in this Heart of Stone
Oh it's over and out when your out on the run
and the damage is done

There ain't no love in this Heart os Stone
I can't do anything when your feelings are gone
There ain't no love in this Heart of Stone
Oh it's over and out when your out on the run
and the damage is done

There ain't no love in this Heart os Stone
I can't do anything when your feelings are gone
There ain't no love in this Heart of Stone
Oh it's over and out when your out on the run
and the damage is done
