

Can't Wait for Love

Jaded Heart

My mind is twisted, I can't think anymore
feels like I'm going insane, but one thing i know for sure
Don't play aroud with me, don't walk this Way
Yes I loose control

No I can't wait, can't wait for love tonight
Can't wait for lovin' you babe
Can't wait for love tonight
Can't wait for you

Steam is riding, with the Wings of time
Broken emotions, I'm a victim left behind
There's no Way out, I feel so insecure
I'm burnin' out now, oh babe

No I can't wait, can't wait for love tonight
Can't wait for lovin' you babe
Can't wait for love tonight
Can't wait for love

....

No I can't wait, can't wait for love tonight
Can't wait for lovin' you babe
Can't wait for love tonight
Can't wait for love

No I can't wait, can't wait for love tonight
Can't wait for lovin' you babe
Can't wait for love tonight
Can't wait for love

No I can't wait, can't wait for love tonight
Can't wait for lovin' you babe
Can't wait for love tonight
Can't wait for love
Can't wait for love tonight
