

Hey God Don't Hesitate

Jaded Heart

(Hey God)

Jimmy were a junkie at the age of 16'
He was found home, overdose by heroin
He was a victim of the circumstances

An old man laid on the streets in the cold rain
Nobody stopped turned him into the insane
Too many fates just disappear

If there's a God in heaven looking down on us
He wouldn't let it go like this
He would send a million angels down to us
He wouldn't like the way it is
He wouldn't like, He wouldn'tlike
The way it is

Hey God don't hesitate, Before is much too late
Come down and help us now
Save us from disfate, this world has gone insane
Our faith is burning out

The young couple waited for the birth of the first child
The day came, kid and mother died
He couldn't take his faith, he comitted suicide

Another disease, another in cemetary
Taking his victims, that's our history
Just wonder why he understand it

If there's a God in heaven looking down on us
He wouldn't let it go like this
He would send a million angels down to us
He wouldn't like the way it is
He wouldn't like, He wouldn'tlike
The way it is

Hey God don't hesitate, Before is much too late
Come down and help us now
Save us from disfate, this world is going insane
Our faith is burning out

Hey god Why you do what you're doing to us?
Hey god stop what you're doing to us!.
