

Every night I have the same old dream
'bout you and me and what's in between
So many changes, so many lies
Try to run, try to hick
From everything that I feel inside
But I can't escape you, or your frozen eyes...
Searching in the darkness
Fading out of sight
Love was here and gone like a thief in the night...
Stone Cold...
And I knew you so well
Stone Cold
Can't break away from your spell

Another dark and empty night
It was wrong I wanna make it night
But you are so distant, so far away
Your words like ice fall on the ground
breaking the silence without a sound
Oh familiar strangers, with nothing to say
Searching in the darkness
Fading out of sight
Love was here and gone like a thief in the night
Stone Cold...
And I thought I knew you so well...
Stone Cold...
I can't break away from your spell...
You leave me Stone Cold

Searching in the darkness
Fading out of sight
Love was here and like a thief in the night
Stone Cold...
And I thought I knew you so well
You Stone Cold...
I can't break away from your spell
You Stone Cold...
I thought I knew you so well
You're Stone cold...
Can't break away from your spell
