

Story of My Life

Jaded Heart

Try! If you wanna do it
If it makes you feel alive
If you wanna breathe
Give me one more time around

Today I'll try to live
Things never seem to change
Strange
So just give me one more time around

High, low, the voice calls
Waking up the dead
I should have stayed instead

Can you hear me screaming?
Story of my life
Now there is no bleeding
And I was saved for the moment
Damn! Now go faster!

You say I died to give
Things never care to change
Strange
So just give me one more time around
